## CAREER SUMMARY

Results-driven and detail-oriented **Front-End Developer** with over **5 years of experience** creating Responsive, high-performance, and visually engaging web applications. Highly proficient in **HTML5**, **CSS3**, and **JavaScript (ES6+)**, with expertise in modern frameworks like **React.js** and **Vue.js**. Skilled in implementing intuitive **UI/UX design principles** and transforming design concepts into seamless, interactive user interfaces. Experienced in collaborating with cross-functional teams and contributing to **full-stack development workflows** through a solid understanding of backend technologies. Passionate about **web performance optimization**, clean code architecture, and delivering **exceptional user experiences** that align with business goals.

## AREAS OF EXPERTISE

- Contributed to the development of **CRM** and **HRM** systems, focusing on building scalable and high-performing front-end architectures.
- Possess in-depth knowledge of **JavaScript**, **HTML5**, **CSS3**, **SASS**, **HTML DOM**, and **RESTful APIs**.
- Collaborated with **cross-functional teams** to translate design specifications into functional and visually appealing interfaces.
- Developed **dynamic and interactive UIs** using modern frameworks such as **React.js**, **Next.js**, and **React Native**.
- Ensured all code is **clean, efficient, maintainable**, and adheres to best practices.
- Integrated front-end components with back-end services by efficiently handling **API calls**.
- Maintained **cross-browser compatibility** and ensured **responsive, mobile-first designs**.
- Applied strong **UI/UX design principles** in collaboration with designers to enhance user satisfaction.
- Optimized front-end performance to improve **load times, usability, and overall site efficiency**.
- Continuously explored emerging **industry trends** and **technologies** to refine development workflows.
- Maintained and enhanced existing projects with a focus on **scalability, stability, and performance**.
- Demonstrated strong **debugging** and **problem-solving** skills in resolving complex front-end issues.
- Proficient with **version control systems** such as **Git** (command line and GUI tools).
- Experienced in developing and designing **CMS platforms** and **functional websites**.
- Thrive in **collaborative, fast-paced, and agile** development environments.
- Solid understanding of **RESTful APIs** and **micro services architecture**.
- Currently expanding expertise by learning **Angular** and **Vue.js**.

# EMPLOYMENT HISTORY

## Front-End Developer | Smart Star Software Services — Nov 2022 – Feb 2025

- Developed and maintained responsive, high-performance web applications using **React.js**, **Next.js**, and modern front-end technologies.
- Collaborated with designers and backend teams to create seamless user experiences.
- Focused on performance optimization, clean code architecture, and UI/UX enhancements.

## React.js Developer | Tech Exons — Sep 2022 – Nov 2022

- Worked on the **Double Check ERP system**, building dynamic and data-driven front-end modules using **React.js**.
- Developed reusable **React components** and integrated **RESTful APIs** to manage business workflows efficiently.
- Collaborated with the backend team to improve data handling and user interaction across the ERP system.
- Focused on enhancing **performance**, **scalability**, and **user experience** for enterprise-level applications.

## Front-End Developer | TechSmiths — Jan 2020 – Sep 2022

- Designed and implemented **interactive front-end interfaces** using **React.js**, **JavaScript (ES6+)**, **HTML5**, and **CSS3/SASS**.
- Integrated **RESTful APIs** to connect dynamic front-end components with backend services.
- Collaborated with cross-functional teams to ensure design consistency and scalability.
- Improved site performance, responsiveness, and **cross-browser compatibility** through modern development practices.

## Technical Skills

- **Front-End Technologies:** HTML5, CSS3, SASS, Bootstrap
- **Programming & Scripting:** JavaScript (ES6+), jQuery
- **Frameworks & Libraries:** React.js, Next.js, React Native
- **Database:** MySQL

## ACADEMIC EDUCATION

- Matriculation (Computer Science) — Board of Secondary Education, Karachi
- Diploma of Associate Engineering (DAE) in Computer Information Technology — Simsat Technical Institute
- Bachelor's in Computer Science (Ongoing) — Virtual University of Pakistan
